

Date : 30th July 2009

SUBJECT : QUALITY POLICY STATEMENT

It is the policy of CMSB'S management to provide Engineering Design Services to the satisfaction of its Clients.

In order to honour and maintain this policy, the following set of objectives are defined and adopted :-

- To establish and implement a Quality Management System in accordance with the internationally recognised ISO 9001:2008 Quality Management System Standard.
- To allocate the appropriate resources, responsibilities and authority in the Company's organization to meet customer's specific requirements.
- To develop and implement standard working procedures to ensure consistent and systematic work methods within the Company for continual improvement.
- To enhance productivity, creativity, efficiency and technology transfer in all relevant activities and disciplines.
- To undertake quality reviews, inspection and audits in order to verify the compliance to Client requirements and the specified Quality Management System, as appropriate.

Accordingly, CMSB'S Quality Management System Manual describes the organisation of this quality management system including the applicable system elements of ISO 9001:2008 Quality Management System Standard.

As a commitment to the abovementioned policy, I hereby direct all personnel of CMSB to adhere to this QMS Manual, and I give full authority to the Quality Management Representative to implement, monitor and improve this quality system continuously.
